I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

Comments: My doctor works with College Pharmacy for
me to obtain natural estrogen & progesterone supplements
which I cannot find in New York. It would imperil
my health to be deprived of the estrogen and
progesterone I need.
